One of the most important landmarks in engine design comes from Nicolaus August Otto who in 1876 invented an effective gas motor. engine. Otto built the first practical four-stroke internal combustion engine called the "Otto Cycle Engine," and as soon as he had completed his engine, he built it into a motorcycle.

Maintenance Schedule (listed by distance/time) Service at the indicated distance or time, whichever comes first. Do the items iAn, B as required for each distance/time interval. * 1 : Inspect fuel tank every 3 years or 36,000 miles, whichever comes first, after the production date of fuel
