And by having access to our ebooks online or by storing it on your computer, you have convenient answers with introductory chemistry books a la carte plus mastering chemistry a PDF.

Answers to any prelab questions Laboratory Notebooks Your laboratory notebook is the means by which you convey to the reader (your instructor/TA in this case) what you have done when completing an experiment. Keeping a lab book is an essential part of "doing good science". Therefore, you will want the contents of your lab

want the contents of your lab book to be organized, neat, and easy to read, and reflect your understanding of the experiment. Other than sharing data with your lab partner(s), never allow other students to copy from your lab book or otherwise obtain information from your lab book. See the University Policy for a discussion of plagiarism.
